# Digital Automated Hand Sanitiser Station

£795.00+VAT

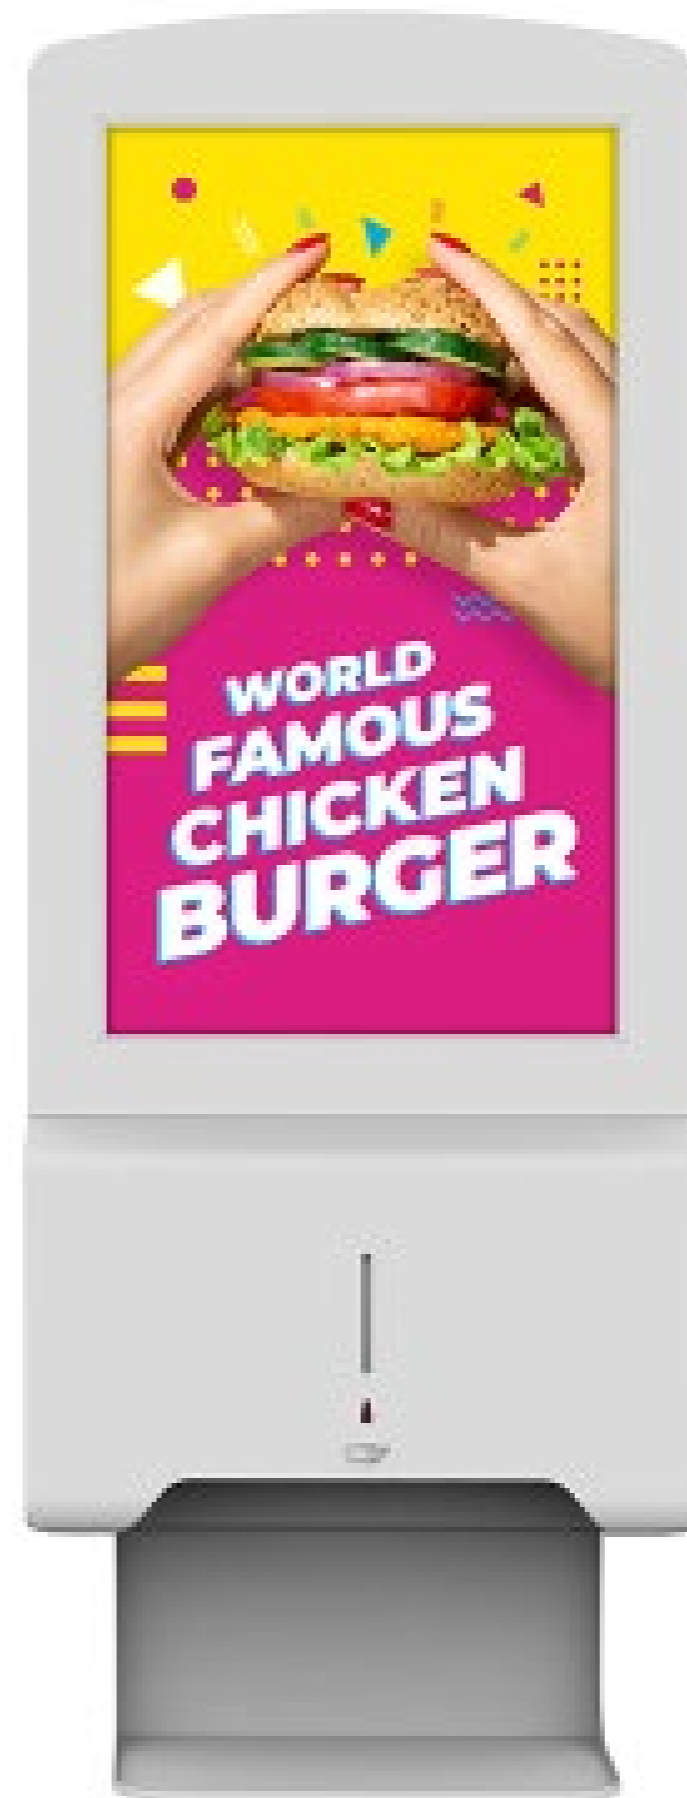

Our wall mounted Automated Digital Hand Sanitiser Station lets you promote better hygiene to staff or customers by encouraging them to wash their hands more often. The unit comes complete with a 22» LCD Digital display that you can advertise your products on services through.

The fully automated design removes the need to touch the dispenser, simply place your hand under the dispenser and a measured dose of hand sanitiser will be dispensed. The dispense valve is non-spray, non-clog and non-drip.

These displays come with 1 year free subscription as standard so can be updated from our online CMS portal. They feature no external buttons or controls and have an automated on/off power timer to minimise contact following installation. Or if you'd prefer used the USB port provided on the station to upload your content manually.

RESERVE NOW  
Est June Del.

- We offer a 3 year manufacturers warranty on this with free lifetime support.
- The dispense valve is non-spray, non-clog and non-drop and fully automated.
- Easily refill the liquid by simply opening the access panel on the front of the device and top up with your liquid hand sanitiser solution.
- An easy to view liquid level indicator so you don't have to unnecessarily touch the device.
- 1 Years free CMS Portal access to push content to your device. Please note a year fee after that of £100 applies.
- Don't want to use the portal? Simply plug in a USB stick to view content on the display.
- Wall mounted as standard or purchase the robust stand to position the station near any power source for £995+VAT.

# Hand Sanitiser Station with Printed Poster

**RESERVE NOW**  
Est June Del.

£149.00+VAT

Our hand sanitiser stands are well designed and suitable for use in any environment. The hand sanitiser dispenser is refillable with alcohol hand sanitiser gel. The dispenser can be set at a convenient height, for example it can be set lower when dispensers are located in schools.

The convenient free-standing design means that the hand sanitiser dispenser stand can be positioned in maximum traffic flow areas rather than being missed as may happen with wall mounted dispensers.

Please note this item doesn't come with any hand sanitiser liquid.

We can provide you with a 5litre bottle of hand sanitiser liquid for £75.00

- Hand sanitiser stand and poster holder complete with printed poster.
- Lever action gel dispenser can be operated by the elbow or wrist/cuff.
- The flat metal base weighs 4 kg to support the 155 cm high oval shape aluminium leg
- Floor standing hand sanitiser commands attention and the poster frame lets you add an appropriate exhortation to users (whether staff, visitors or customers).
- Comes complete with poster shown below with your company logo.

# FLOOR STICKERS

**RECTANGLE 1000 X 150mm**  
REF: VFSR-SP150

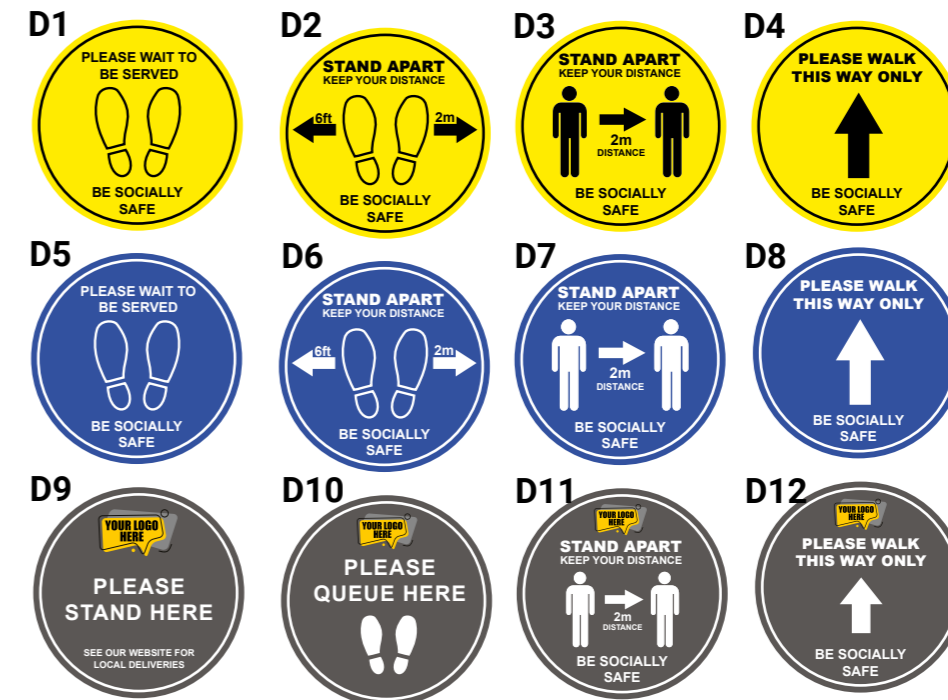

**RECTANGLE 1000 X 150mm**

## INDOOR ROLLER BANNERS

Our indoor roller banners promote self distancing within your business. Whether you are in a factory, small shop or office. Social distancing is going to be 'thing' for sometime, even when restrictions are eventually lifted.

Printed on 225mic grey block polymer, held in place with an aluminium frame. You also receive a free padded carry bag to store your banner in when it's not in use.

Please note this roller banner is not intended for outdoor use unless it's fastened to something secure and there is no wind.

We can add your logo and branding free of charge.

Want a different design, just let us know and we'll design you a bespoke roller banner for only £69.99

Same as the basic with your branded. Our design team will design your sneezeguard for a one off fee. Please note the dimensions and shape need to be the same. For pricing please use the pricing table for the 'Basic SneezeGuard' and add the one off fee below.

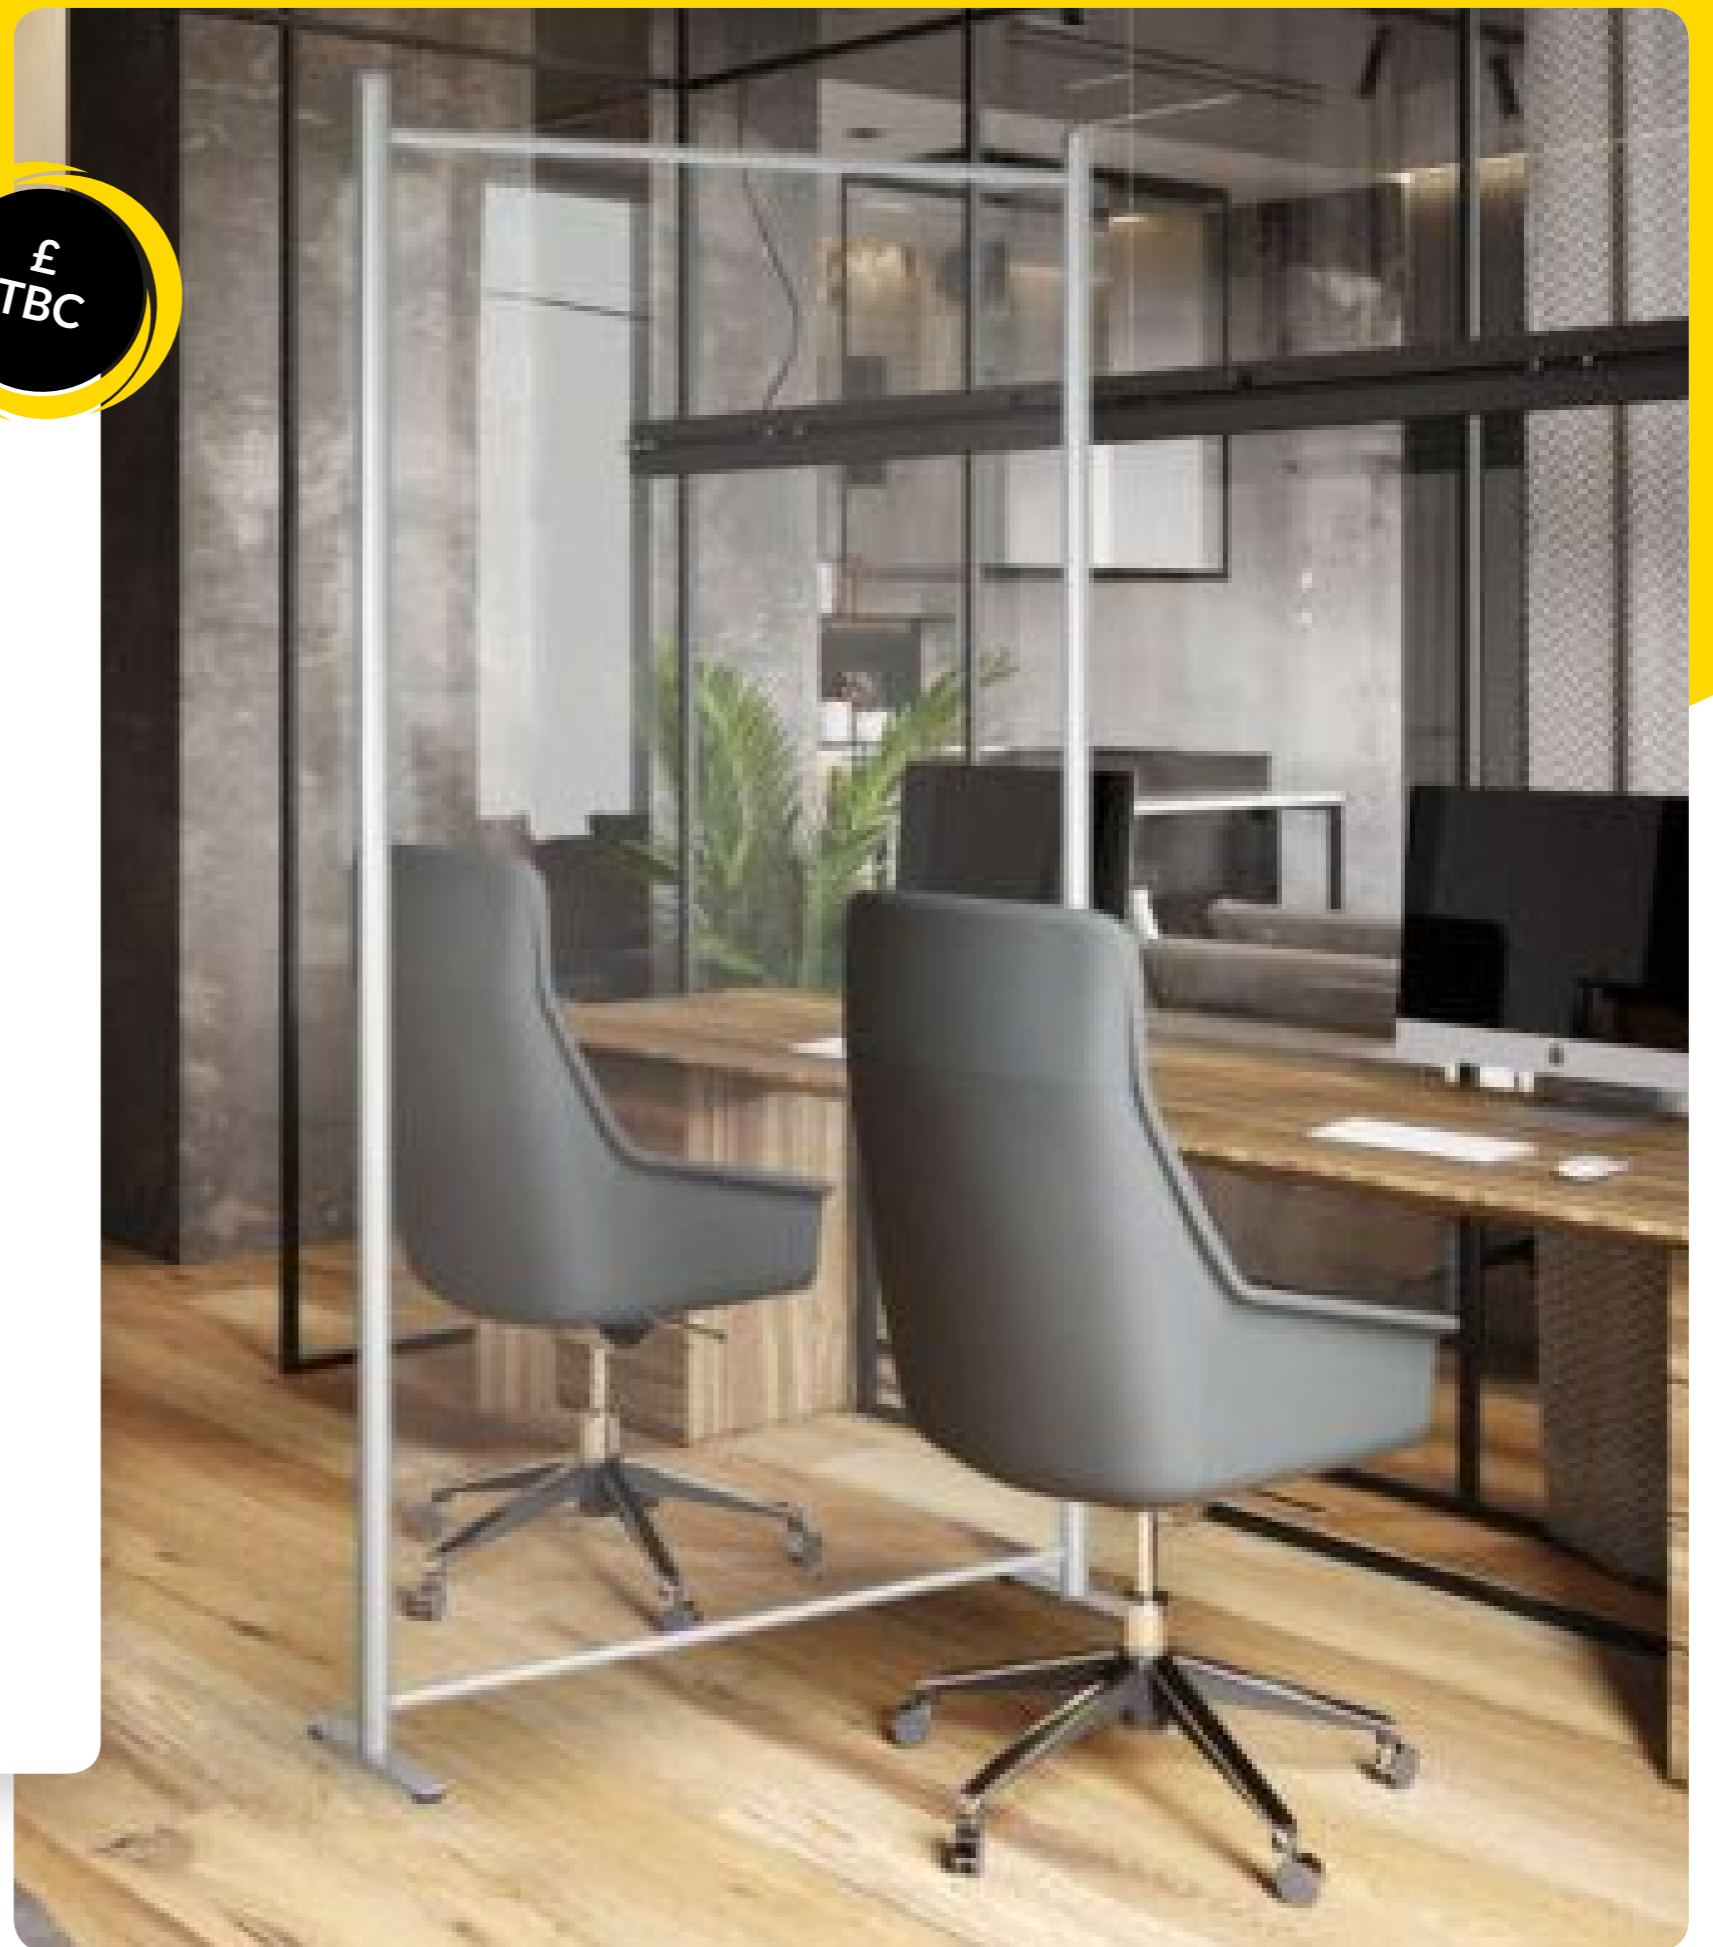

## FLOOR STANDING PROTECTIVE SCREEN

New floor standing screen is the perfect solution in any situation where people who are physically close need to be separated and protected by a floor screen.

This free standing clear glazed screen is a stylish new design conceived specifically to act as a 2 meter high sneeze protection barrier. Each screen is 100 cm wide and multiple screens can be lined up to create a continuous wall of protection. Alternatively clear floor screens can be positioned parallel to each other to separate customers in banks, offices, gyms, salons - and countless other locations where social distancing solutions will need to be implemented in the forthcoming months.

The clear panel is PET which provides outstanding clarity, secured into the easy-to-assemble aluminum frame with a flexible gasket to prevent rattling. Each modular screen has sturdy metal feet to keep it upright and stable, with a castor option for those wanting a mobile floor protection screen.
